Authorization for Retrieval of Prescription History

Fair Oaks Women's Health uses an electronic medical records system. We have the capability of downloading information about your prescription medication history and adding this to your chart here.

This information helps our physicians and care providers provide you better care by being able to analyze your medications for possible conflicts or drug interactions. Legally, we require your permission to be able to access this information.

Please select one of the following options:

- I AUTHORIZE Fair Oaks Women's Health to retrieve my prescription history.
- I DO NOT authorize Fair Oaks Women's Health to retrieve my prescription history.
